Colonel Martin E. Kumer
Superintendent

Week-ender PPD

In order to serve your time on weekends, you must have documentation of a PPD (TB skin test) within the past year. This can be done at your doctor's office, at any Urgent Care Center, or at the Health Department if you call far enough in advance.

For convenience, you can have them complete this form.

Patient Name: _____ Date of Birth: _____

PPD Planted Date: _____ Time: _____

PPD Read Date: _____ Time: _____

(Must be Read within 48-72 hours)

Results: Negative or Positive (Circle one)

_____ mm induration (must be included)

Per CDC guidelines, any induration 10 mm and greater in a healthy individual is a positive PPD and requires a chest x-ray prior to entry into the facility. For those with certain health conditions, 5 mm is considered positive. Please attach a copy of the chest x-ray results if the PPD is positive.

Signature of person completing form: _____

Medical Practice Site: _____

Medical Practice Phone Number: _____

Fax to 434-977-6999 and/or turn into Work Release 2 days prior to reporting into jail.
