Page 1

Q1

No

Have you taken a tour of the facility over the last two years?

Q2

If yes, what specific areas or services would you choose to address with the renovation? Check all that apply.

Mental health services and housing,
Improved living conditions for inmates,
Improved working conditions for staff,
Safety and security improvements,
Heating Ventilation and Air-conditioning, HVAC and air filtration

Q3

Respondent skipped this question

Are there any other services or items you would like to see addressed?

Q4

If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

I believe that this community should support a jail facility that houses our inmate population in a manner that is humane and the safest for inmates and staff.

Q5

Other comments or suggestions?

I also think there should be adequate facilities to provide services, including mental health treatment, job training, and visits from family and legal counsel. Also, adequate ventilation is particularly important for the safety of inmates and staff during this time of Covid.

If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

Q5

Other comments or suggestions?

I believe the renovation/expansion is necessary. There are several places throughout the facility that drip water, and there are places that black mold is visible. I think the renovation will help me perform my duties because we will have a newer/updated environment and not have to worry about slipping on dripping water or breathing in black mold. I believe this will have a positive impact on the inmates and visitors for the same reasons.

Q4
If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

I have been to the facility many times and it is run by the inmates.

Q5
Other comments or suggestions?
Jails and prisons are not intened to be nice places. They are intended to hold people prior to trial and to punish criminals after trial. The jail should be secure, safe, efficent and clean.

Q4
If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

More funds for job training, social skills rehabilitation, mental health services, education resources. Help people gain tools to come back into society as positive members of the community who can support themselves.
Also, more natural daylight. The lack of windows in the City schools hasn't helped anyone and I assume jails are the same way. We should be giving people who have committed crimes (who often had trauma in their own lives) hope. Also, ask the inmates what they would value in the renovations.

Q5

Other comments or suggestions?

I havent been there in the last two years, but when I was there regularly, many clients complained of not having access to their medicine. It seems to me that you cannot have enough medical and mental health workers. It would be great if you had psychiatrist and GP doc there every day, and a pharmacy, and a team of nurses and social workers to follow up. Or, maybe have a clinic next door that can treat inmates, unhoused people and those on in-home or probation.

Q1 **Yes**

Have you taken a tour of the facility over the last two years?

Q2 **Improved quality and quantity of family visitation,**

If yes, what specific areas or services would you choose to address with the renovation? Check all that apply.

- Improved recreation opportunities,**
- Mental health services and housing,**
- Improved living conditions for inmates,**
- Improved working conditions for staff,**
- Improved visitation experiences for professional visitors**
- ,**
- Safety and security improvements,**
- Heating Ventilation and Air-conditioning, HVAC and air filtration**
- ,**
- Replace plumbing fixtures**

Q3 **Respondent skipped this question**

Are there any other services or items you would like to see addressed?

Q4
If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

No need to expand square feet. I've done 3 tours and there is a lot space already in the facility not being used.

Q5

Other comments or suggestions?

Make sure there is staff to use the wing built in 2000.

If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

Q5

Other comments or suggestions?

No mental health beds. Mental health should NOT be addressed in jails. This should be left to medical professionals outside the prison

Q1

Yes

Have you taken a tour of the facility over the last two years?

Q2

If yes, what specific areas or services would you choose to address with the renovation? Check all that apply.

Improved recreation opportunities,
 Improved living conditions for inmates,
 Heating Ventilation and Air-conditioning, HVAC and air filtration
 ,
 Replace plumbing fixtures

Q3

Are there any other services or items you would like to see addressed?

The recreation area should be a real recreation area and not a four walled metal cage. If folks are able to go outside to work (ex. pick up trash), they should be able to have real recreation time.

Q4

If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

I have taken a tour of the facility, expanding the jail's square footage is not required. There's quite a bit of unused space in the 2000s section. The gym there, for instance, sits unused. What should be included in the renovation is a systems update (HVAC, plumbing). All cells should also have access to a day room.

Q4

If you have not taken a tour of the facility, are their items or services you have see on social media, television, around the state, the country or other countries that you believe should or should not be included in the renovation?

focusing on HVAC and plumbing

Q5

Other comments or suggestions?

Concerned about increasing the capacity of the jail -- since the jail has its lowest population ever, the focus should be on downsizing. Also concerned about the possibility of solitary confinement being used under the name of mental health

Q2 **Mental health services and housing,
Improved living conditions for inmates,
Improved working conditions for staff,
Safety and security improvements,
Heating Ventilation and Air-conditioning, HVAC and air filtration
,
Replace plumbing fixtures**

If yes, what specific areas or services would you choose to address with the renovation? Check all that apply.

Q3

Are there any other services or items you would like to see addressed?

I think that plumbing and sanitation upgrades would benefit the living conditions for inmates.
